ACCREDITATION EXPIRATION

12 MONTH TIMELINE

12 MONTHS

Review the latest IAC Standards. There may have been updates to the guidelines since your last accreditation.

11 MONTHS

Hold QI meeting, inform staff reaccreditation has begun. Review and implement updated scanning protocol and report changes.

10 MONTHS

Complete gap assessment and update policies, especially any required to be uploaded into your IAC application.

9 MONTHS

Log into your IAC online portal account. Update contact information and load the re-accreditation application.

8 MONTHS

Update admin users, medical and technical staff members along with any equipment changes or additional locations.

7 MONTHS

Start entering staff credentialing and pathway. Start asking staff to complete their CME requirements.

6 MONTHS

Review your QI Program. This month complete all quality improvement measures to ensure one full quarter of QI.

5 MONTHS

Hold a Quarterly QI meeting to ensure compliance with QI meeting requirements and update staff on submission date.

4 MONTHS

Take this month to finalize your case study selection ensuring that all staff are represented.

3 MONTHS

SUBMIT NOW!
Even if your application is not perfect, submit now and upload your case studies.

2 MONTHS

Prepare for a possible "Delayed Status". Ex: Complete missing CMEs, gather additional case studies, etc.

1 MONTH

Review your decision letter. Congrats if you passed! Submit requested material if you were Delayed.
